Flooring

ECO-LAY FLOORING

THE TEAM AT RECYCLED TIMBERS PRIDES ITSELF ON OUR COMMITMENT TO SUPERIOR PRODUCTS AND THE ENVIRONMENT.

Our Eco-Lay Flooring continues to draw these two beliefs together.

Developed in-house by expert staff, the Eco-Lay Flooring alternative provides yet another quality, sustainable building material to our valued clientele.

Precision milled from reclaimed timber, Eco-Lay Flooring can be laid over any existing sub straight floor, direct to your concrete slab or ply.

An equally durable product to traditional timber flooring, its unique surface height provides a smooth transition to adjoining floors, including carpet and tiles.

Eco-Lay Flooring is available in a range of species including Messmate, Tallowwood, Blackbutt Blend, Spotted Gum Blend, Grey Ironbark Blend, Red Ironbark Blend and mixed species.

Easy to install Eco-Lay Flooring is pre-straightened and can either be fully glued to the subfloor and/ or secret nailed, ensuring a clean finish.

An innovative product in the Recycled Timbers elite line of recycled timbers, Eco-Lay Flooring is ideal for residential and commercial projects.
