ARCHITECTURAL MOULDINGS & PROFILES

Intrim Architectural Mouldings have a range of profiles which cater to all building era's. Should your project be contemporary, modern, colonial, or maybe a traditional heritage design. Intrim has a comprehensive range of mouldings to suit your individual project. You can also design your own new profile or match an existing profile that is not displayed in this brochure. Simply provide an outline of the profile with sizes and fax to 02 4677 3890 and include your contact details so we can discuss your requirements further. For more information visit our website at www.intrimmouldings.com.au.

A full-scale profile book is available on request.

MATERIALS

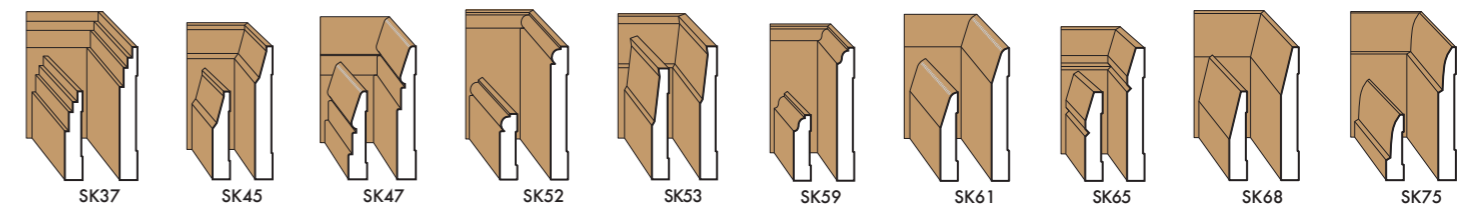

Intrim mouldings are available in three main materials. Other species/varieties of timber available on request.

MDF-MR (Medium Density Fibreboard - Moisture Resistant) Reconstituted Timber - a very cost effective material for an excellent paint finish. Available in 5.4 metre lengths only.

PINE F.J. (Finger Jointed Pine) Also excellent for a paint finish and can also be stained. Featuring joint marks. Available in 5.4 metre lengths only. **MERANTI/PACIFIC MAPLE** Mainly used for clear or stain lacquered finish. Available in random lengths only.

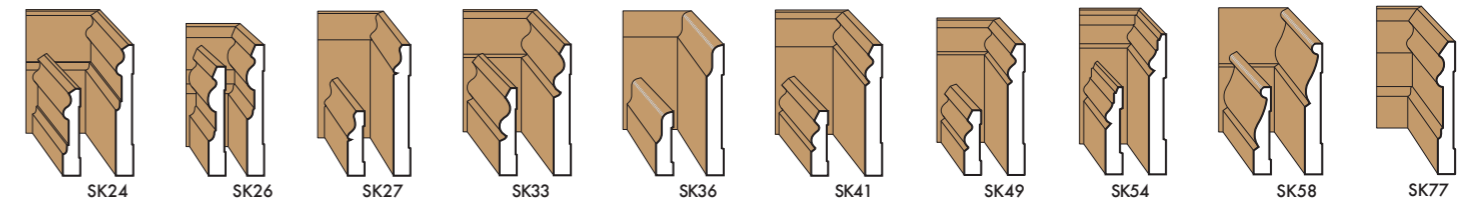

MODERN / CONTEMPORARY

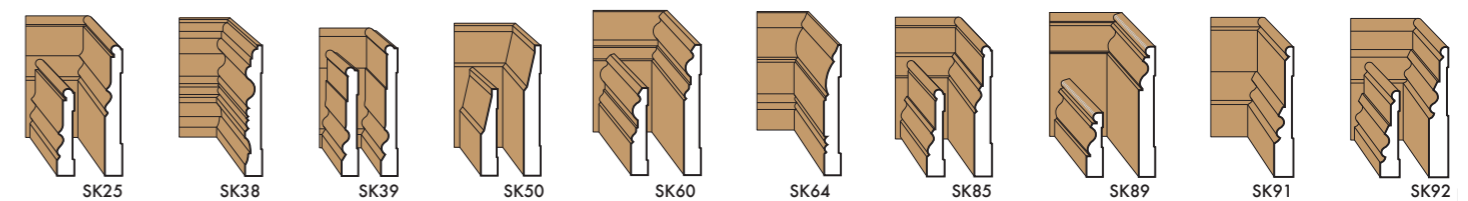

The above Profiles are 18mm thick. Further profiles are available and in size 18mm, 25mm and 32mm. A full-scale profile book is available on request.

COLONIAL / VICTORIAN

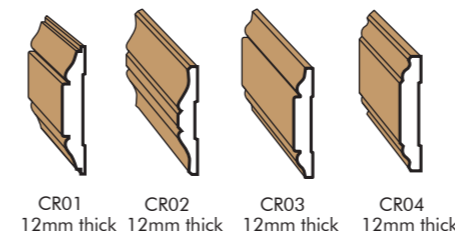

The above Profiles are 18mm thick. Further profiles are available and in size 18mm, 25mm and 32mm. A full-scale profile book is available on request.

FEDERATION / HERITAGE

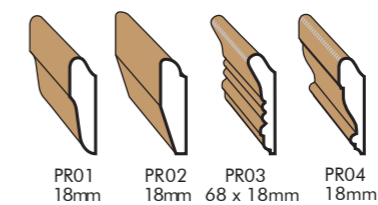

The above Profiles are 18mm thick. Further profiles are available and in size 18mm, 25mm and 32mm. A full-scale profile book is available on request.
